

— AN INVITATION TO MEET

Insurance built for charter schools — *not adapted to them.*

For fifteen years we have worked alongside charter leaders across the country on property, liability, and employee benefits. I'd like fifteen minutes to learn about your school and see, plainly, whether there is a way I can be useful. No pitch, no obligation — leadership to leadership.

— Aaron Schwen, Founder

SERVING SINCE

What fifteen minutes looks like.

A working call, not a pitch.

- 01 A reading of your current coverage**
Property, liability, EPLI, and benefits — held against what charter schools your size actually carry.
- 02 The gaps charter schools commonly miss**
Educators legal liability, abuse & molestation, cyber, business interruption — the quiet exposures.
- 03 Honest benchmarking**
Where your renewal sits relative to peers, and what to ask your current broker before next renewal.
- 04 A clear next step — or none**
You leave with a written summary. If we're not the right fit, that's a fine outcome too.

"Aaron makes the process tolerable and, more importantly, does the work so your staff does not have to. He has proven to us that he can be a valuable partner in our effort to put money back into the classroom."

Randal C. Shaffer · CEO & Superintendent, Trinity Basin Preparatory
